

# AMERICAN HAWKEYE'S SCHOOL OF FALCONRY

See why UNESCO (a division of the U.N.) has declared Falconry “a living human heritage”

**For the 2018-2019 Season we are offering the following falconry experiences;**

Half day falconry school: Meet in the morning at our outfitter camp, learn about the history of falconry, a brief natural history lesson, live bird of prey flight demonstration and end with a short quiz of what you learned.

Full day Falconry school: Start in the morning at camp, lecture and discussion about the history of falconry throughout the world, in depth lesson about the natural history and biology of north american raptors, break for lunch. Enjoy another lesson about falconry equipment and how it is made and used, live flight demonstration then we'll set out on a hawk walk and end the day with an exam of what you learned.

Hawk Walk: A great way to enjoy some of our local hiking trails, get exercise and enjoy nature guided through the eyes of our birds.

Owl encounter: get up close and personal with some of nature's most elusive animals! Learn everything there is to know about these nocturnal hunters. Learn how to handle and fly different species of owls.

Team building: work with a team of Harris's hawks and learn how these raptors cooperate together in the wild by joining in on a simulated hunt.

Photographer's Special: Professional or aspiring photographer's can get a rare and unique opportunity to catch up close images of some of nature's most elusive subjects. Get those shots of raptors flying at high speeds, pursuing prey or beautiful portraits of the birds in their natural setting.

By reservation only. Group Discounts! For pricing, Booking or more information please contact us at:
